King County Democrats 2010 Judicial Candidate Questionnaire

List any complaints you have received through any Bar Association, Judicial Conduct Committee or Board, or private insurance carrier. (Attach on a separate sheet of paper.)

I have never been disciplined by the bar but there were a few non-meritorious complaints which were dismissed. The CJC reprimanded me for thanking my supporters after my 1995 election at the "March for Live" event; however, with the help of the ACLE, a unanimous Supreme Court reversed and dismissed all charges against me. In 2005, the CJC voted 7-4 to admonish me for the "appearance of impropriety" when I made a prison tour for which I received Continuing Judicial Education credit. The CJC unanimously found I had engaged in no substantive violation of the rules and that I had no improper ex parte contact with anyone.

What is your strongest area of legal expertise?

Protection of individual rights since I came to court. When in private practice I was a trial lawyer and did quite a bit of land use litigation.

What recommendations do you have for improving court system funding and administration?

I have proposed a rule that require judges to only appoint lawyers for indigent criminal defendants who meet qualification standards set by the Bar Association.

What actions have you taken in the last five years on issues regarding access to the judicial system?

From the court, I have encouraged public funding of civil legal services, attended conferences and meetings, and testified before the Legislature.

What recommendations do you have for increasing access to the judicial system (Civil and Criminal)?

Appropriate more money and don't balance the budget on the backs of those who try to access the judicial system.

If a sitting Judge, what committees have you been appointed to and what are the significant accomplishments of those committees or yourself? If not, which committee assignments would you seek?

I have always been on the rules committees and in the past have served on the budget, library and education committee. I have just been appointed to the administration committee. My most significant accomplishment will be enactment of a rule requiring judges to only appoint lawyers for indigent criminal defendants who meet WSBA minimum standards of experience, caseload, compensation, etc. I hope this rule will be adopted in the near future.

Have you reviewed the General Rule Definition of the Practice of Law, and the Practice of Law Board's Work? - Do you have comments or ideas? Would you be in favor of the proposed Legal Technician Rule? This rule allows trained, tested and licensed non-lawyers to provide specifically defined legal services without supervision by a lawyer. Please explain.

Yes, at this point, I am in favor of the rule but I will keep an open mind.

King County Democrats 2010 Judicial Candidate Questionnaire

Have you been appointed as a guardian or Guardian Ad Litem? If “yes”, please give the details?

Many times in private practice, I was appointed a Guardian Ad Litem for the alleged mentally ill.

How have you promoted diversity within your staff?

I hire the most qualified people. My Administrative Assistant happens to be an American of Japanese ancestry. She is the best AA in the Temple of Justice.

What are the main messages of your campaign? What is your campaign plan? How many doors have you knocked on to date, pieces of mail planned, budgeting, staffing? What is the fundraising goal for your campaign? How much have you raised to date? Why will you win?

My main message is that I have done my job “to protect and maintain individual rights” very well. In fact, better than anyone else on the court. I am proud of my support across the political spectrum, from those who consider themselves very liberal and those who view themselves as conservative. Protecting our individual rights can appeal to both the ACLU and to the Tea Party...as well as everyone in the middle. That is the message of my campaign.

You can find out more at www.friendsofjustice.com.

I have a professional campaign consultant and thousands of pieces of mail so far and expect to send out thousands more to raise money and let the voters know about my record. We will also use radio. We hope to raise \$300,000 in modest donations; we have raised about \$70,000 to date.

I have won my last two races with over 63% of the vote. I expect to win again but fear my opponent will use his personal wealth in an effort to overwhelm my campaign with negative ads. I am proud of my record on the court and many people who follow my judicial career are passionate supporters.

I have read this questionnaire and understand and approve the content and all provided information.
